Learn to play this beautiful instrument in one afternoon! In this single 3-hour class the students will go from little or no prior experience in playing the Native American flute to being able to play the basic Native American scale, and receive numerous handouts for additional skill development afterwards. Basic skills taught will include fingering patterns, breath control, playing rhythms and basic ornamentations. **NO PRIOR MUSICAL EXPERIENCE IS NECESSARY.** A basic Native American flute will be required for this class and will be available to borrow or purchase from Southwest Trading Post.

Our instructor: Frank R avenwolf Henninger is an accomplished Native American flute performer, recording artist, flute circle facilitator and instructor. He has three albums in print and leads native flute & drumming circles in the southeastern PA region.
